The Process

TAKE THE NEXT STEP DOWN UNDER

- We start the process by creating your player profile, highlight video and CV (if needed) and add you to our database of players. We then market this profile and if a club is interested, we get you in contact and advise you on your NextStep.
- Once a deal has been agreed, you can choose the **NextStep Care Package**, where we get started on helping you get your visa accepted, as well as helping you find the flights that work for you.
- After you arrive in Australia, we would then help you set up your new Bank, Medicare Card, Tax File Number, Sim Card, and so on. We will be available throughout the year to help you settle in and answer any questions you may have.
- **If you refer a friend or teammate who signs for a team in Australia, you will earn an 10% referral fee per player!**
